

KEARNEY LODGE

A MOBILEHOME COMMUNITY

JUNE 2023 BULLETIN

VEHICLES

Did you sell your old vehicle? Have you purchased a new one? Please let the Office know so we can update your vehicle information. We need the make, model, color, and license plate number. This is important, especially if you ever park in overflow parking and we need to get in touch with you!

Inoperable or stored vehicles are not allowed at Kearney Lodge and working on cars in the Park is prohibited. All vehicles must be in working order, no fluid leaks, and currently registered.

CLUBHOUSE

The Clubhouse is reopening for rentals starting June!!! Please come to the Office with a refundable \$100.00 deposit and fill out an updated Clubhouse Agreement. Some of the terms of the Agreement have changed so you'll want to review and sign the new Clubhouse Agreement.

STREET SIGNS

Our street signs are finally shipping (they've been on backorder). Once they arrive, we'll be drilling out the old signs and installing the new signs. Some residents have wondered why we don't have signs on both ends of the streets and it's because not all the end homespaces have room for a sign or there are underground utility issues.

WEEDS

Thank-you to all who have taken the time to work your weeds! The Park is looking great! Please make sure to keep up with yard weeding and pruning. And remember that we're happy to loan out extra trash cans for the week if you need them!
